ViaInsurance Agency

Don't forget to notify your insurance agent about Christmas gifts, such as jewelry, drones, or any collectibles such as guns, that can be specially listed for coverage. Drones are a liability, due to the risk of falling on property or people, so be sure you are covered.

Also, ensure your home is protected as the weather gets colder to save you time and money throughout the season. Home maintenance such as window caulking, securing loose siding and shingles against wind damage or insulating water pipes and "letting the faucet drip" can avoid frozen and burst pipes.
