As you purchase your boat or camper, remember that these recreational vehicles need insurance protection. This isn't just about safeguarding your investment and property, but also about protecting your boating and camping guests. A boat is a moving vehicle that can collide with objects or people, and think about your friends skiing or tubing behind you. Did you know you could be liable if a guest at your campsite trips over your power cord or gets burned making s'mores? **Contact Beth Combs to ensure your boat or camper are properly covered so you can enjoy a summer filled with peace of mind.**
