ViaInsurance Agency

With winter and the holidays approaching, here are a couple of things to keep in mind:

- Winter toys, such as ATVs and snowmobiles, need insurance coverage. No coverage is afforded when the 'toys' leave a residence property.
- Christmas gifts such as jewelry can be added to a home/renter's policy with special coverages for a minimal premium. The rider covers mysterious disappearance and stone replacement, which is not covered under the standard home policy contract. To add the rider, an appraisal is required.

Receive a free, no obligation quote for your toys or Christmas gift from ViaInsurance Agent.
